New York, NY 10022

To Whom It May Concern:

The Office of Research at the University of New Mexico acts as a clearinghouse for funding opportunities for faculty and graduate students. In order to expedite the preliminary funding search this office maintains a grantsmanship library and resource files including annual reports, guidelines, application forms, current areas of interest, program announcements, etc.

I would appreciate receiving such information for use in the library. Thank you for your consideration.

Sincerely,

Denise A. Wallen
